Betty's Home is at the leading edge of residential care. Purposely built to the highest specifications, equipped to provide its residents with a secure, comfortable and caring environment.

Betty's Home is a purposely built with enclosed landscaped gardens that provides long stay care. It also provides short stay care for people who requires it. We have both private and shared rooms. The home complies with all the latest health and safety regulations.

The home enjoys a splendid position away from the hustle and bustle, integrated within the local community and within easy reach of the nearby shopping center, which boast a wealth of fine shops and meeting places for those who enjoy a day in the town. The garden has been carefully designed to fulfill all of the sensory needs of the residents.

All our staff receive continuous development with a comprehensive training program aimed at the special needs of our residents. The ethos of the home is to recognize that each resident is a unique individual and to provide holistic care which fulfils their individual needs.

Please visit our website at <http://bettyshome.com> and take a virtual tour of the facility. There are pictures and videos about the facility giving you the feel of being there. Including in the website is our contact information and the ability to send us questions through a contact us form even if you don't have any email access.

Your suggestions are very important to us. We strive to provide and adapt to our residents needs.
